INTERIOR COLORS

INTERIOR MATTE

Colors 7010—7070 are matte finish formulated for interior use.

INTERIOR METALLIC

Colors 7090—7092 have a soft metallic finish formulated for interior use. This soft finish is elegant and plays off the light. Be aware that in different light the metallic finish is sometimes harder to see.

SPECIALTY VINYL

Etched Glass (8590) is a high-grade vinyl material with a premium long-lasting adhesive. Etched Glass can be used indoor or outdoor but it is NOT intended for use on painted or stained surfaces. Best for use on non-porous surfaces (i.e., glass, acrylic, ceramic, etc.). Upgrade fees apply.

SUPREME BOND

Supreme Bond is specifically formulated to withstand various temperature and weather conditions and is for use where durability is required (i.e., automobile windows, storefront windows, mailboxes, etc.). It is NOT recommended for use on finished surfaces on the interior/exterior of your home.
